

Protect From Fuel Theft Rings

Protect From Fuel Theft Rings

?Fuel theft ring paid \$5.00 and broke our pump. Dozens of vehicles filled up.

EProcess did not sell us the cameras on the pumps, but suggested that we reconfigured them. We did not really want to do it, but we let them. We were happy they did, because we almost got hit hard!

EProcess' expertise protected us! We had every person and every vehicle that got gas from that \$5. The state police got everybody within the crime ring, and got their servers and bank accounts, too. It was a good thing that we listened to EProcess!?

Gas Station - Illinois
