

Project Management

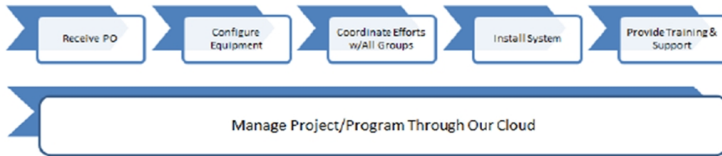

Project Management

?Corporate instructed us to design and deliver 800 surveillance systems over 5 years, including the DVR, 4 to 16 cameras, POS integration, technical support, maintenance, and inventory control. We are a construction team, and surveillance is not our game.

We contracted EProcess to handle this program for us. We gave them a PO and delivery date, and they delivered spectacularly, always On Time and On Budget.?

Fortune 100 Company - Southeast Region
